Dear Mr Yang

I refer to your application for a pre-migration skills assessment, which was received by the Australian Computer Society on 9 December 2008.

For the purpose of your application you have as of August 2008 satisfied the requirements of the ACS PIM 2, Group A.

Your work experience has been calculated as follows:

Dates: 03/98 - 01/04 (5yrs 10mths)
Position: Software Developer
Employer: Accume Marketing & Research

Dates: 02/04 - 11/08 (4yrs 9mths)
Position: Software Engineer
Employer: Netsafe Information Technology

You should note that the Department of Immigration reserves the right to undertake further detailed investigation of your work experience for the purposes of assessing the recent work experience requirement, and the specific work experience and Australian work experience points test items.

Your skills have been assessed to be suitable for migration under 2231-79 (C++/C Specialist) of the ASCO Code, being the skilled occupation indicated that you intend to nominate in a General Skilled Migration application.

Based on the provided certified documentation it is the opinion of the ACS that the applicant has 12 months experience in C++/C#/C.

The assessment is based upon the documents provided. By issuing this letter or otherwise, ACS makes no representation about:

- the authenticity of the documents provided or the veracity of content;
- the suitability of the applicant for migration or employment, each of which is dependant upon additional factors.

This assessment advice is valid for a period of one year from the date of this letter.

Any queries you may have regarding this assessment should be made **in writing** and forwarded to the Deputy Director, at the above address.

I thank you for your application and trust that the information provided herewith is satisfactory.

Yours sincerely

Vanessa Paul
